Program Title: EARLY RISERS: YMCA

Date: 2-3-17

Time: 8a

Duration of Segment: 1:25

Detailed Description: Deron Molen reported on Texomans who wake as early or earlier than our own early risers on the AM News Team. This week Deron reports on the YMCA employees who open the gym at 5 a.m.

Program Title: EARLY RISERS: CIRCLE M BAKERY

Date: 2-17-17

Time: 8a

Duration of Segment: 1:30

Detailed Description: Deron Molen reported on Texomans who wake as early or earlier than our own early risers on the AM News Team. This week Deron reports on the true heroes of morning meetings ó the bakers pumping out doughnuts by the dozen.

Program Title: EARLY RISERS: POST OFFICE

Date: 2-24-17

Time: 8a

Duration of Segment: 1:15

Detailed Description: Deron Molen reported on Texomans who wake as early or earlier than our own early risers on the AM News Team. This week Deron reports on the mail sorters at the Post Office in Wichita Falls who work overnight to ensure that your mails gets where it needs to be.

County and City 6 topics covered under this issue include:

Program Title: Great Texas Warrant Round Up

Date: 1/23/17

Time: 9P

Duration of Segment: 1:35

Detailed Description: The City of Wichita Falls is reporting several issues with the new water meter lids. If you've had issues with your meter lids, please call the city. They are working with RTS Water Solutions to get everything squared away.

Program Title: Sherman Road Fire Hero

Date: 1/23/17

Time: 9P

Duration of Segment: 1:15

Detailed Description: One Wichita Falls resident may think new meters for the city was a smart step, considering the installation process may have saved his life.

Program Title: Great Texas Warrant Round Up

Date: 2-22-17

Time: 9P

Duration of Segment: 1:40

Detailed Description: You now have just three days to pay an outstanding warrant or traffic ticket before area authorities start their Great Texas Warrant Round Up. The round up runs from February 25th to March 10th and is the largest coordinated effort to clear warrants in the country. Police say notices have already been sent out to individuals with active warrants.

Technology - topics covered under this issue include:

Program Title: What The Tech

Date: 1/2/17

Time: 9p

Duration of Segment: 2:00

Detailed Description: On this week's What The Tech, Jamey Tucker talks about the dangers of using ATMs. Skimming is becoming more of a problem. He showed us what a skimmer looks like.

Program Title: What The Tech

Date: 1/3/17

Time: 9p

Duration of Segment: 2:30

Detailed Description: On this week's What The Tech, Jamey travels to Las Vegas to show us 3 gadgets that have won CES Awards for the most innovative products of 2017.

Program Title: What The Tech

Date: 1/4/17

Time: 9p

Duration of Segment: 2:10

Detailed Description: On this week's What The Tech, Jamey comes to us from the CES convention in Las Vegas. He showed us which companies are taking virtual reality far beyond just looking through a pair of goggles.

Program Title: What The Tech

Date: 1/5/17

Time: 9p

Duration of Segment: 2:20

Detailed Description: On this week's What The Tech, Jamey focuses on moms and working women. He highlights a camera that will keep an inventory of what you have in your fridge and send you notifications when something is expiring, a smart connected baby stroller and a nightlight that doubles or triples as a wifi extender, camera and will send you a notification if the door to your child's room opens in the night.

Program Title: What The Tech

Date: 1/6/17

Time: 9p

Duration of Segment: 2:30

Detailed Description: On this week's What The Tech, Jamey talks about robots that will help around the house. These robots fold your clothes, keep track of what you throw away in the garbage and can make a shopping list on what you've run out of. Some can even order replacements the moment you throw an empty container away.

Program Title: What The Tech

Date: 1/9/17

Time: 9p

Duration of Segment: 2:50

Detailed Description: On this week's What The Tech, Jamey Tucker talks about his favorite gadgets and inventions from the recent CES show in Las Vegas.

Program Title: What The Tech

Date: 1/10/17

Time: 9p

Duration of Segment: 2:30

Detailed Description: On this week's What The Tech, Jamey talks about the recent opening of the world's first airport for drones. It's outside Las Vegas in the Nevada desert.

Program Title: What The Tech

Date: 1/11/17

Time: 9p

Duration of Segment: 2:30

Detailed Description: On this week's What The Tech, Jamey warns of the dangers of the "peace-sign selfie". Some people have learned to use trick a phone's fingerprint sensor to steal identities. He also shows people how to change their Amazon Echo settings so it doesn't order something you don't want.

Program Title: What The Tech

Date: 1/12/17

Time: 9p

Duration of Segment: 2:35

Detailed Description: On this week's What The Tech, Jamey shows us a tv that's thin enough to put on a wall like wallpaper. It was unveiled last week at CES.

Program Title: What The Tech

Date: 1/13/17

Time: 9p

Duration of Segment: 2:25

Detailed Description: On this week's What The Tech, Jamey show us his "App of the Day". The app is called Foap, it can help turn your smartphone photos into dollars.

Program Title: What The Tech

Date: 1/16/17

Time: 9p

Duration of Segment: 2:30

Detailed Description: On this week's What The Tech, Jamey Tucker talks about an app called "LiveME". He explains what it is and what parents need to know.

Program Title: What The Tech

Date: 1/17/17

Time: 9p

Duration of Segment: 2:30

Detailed Description: Don't think much about driver-less cars? You might when you consider never having to sit in a carpool line again, or trying to find a parking space at the mall. Autonomous cars are closer than you think to hitting the highways. Jamey shows us the new car Ford just unveiled.

Program Title: What The Tech

Date: 1/18/17

Time: 9p

Duration of Segment: 2:45

Detailed Description: Thousands of people who gave money to a Kickstarter project may be out hundreds of dollars after the company closed before shipping any products. It happens from time to time when a new invention that seems to be too good to be true, is exactly that.

Program Title: What The Tech

Date: 1/19/17

Time: 9p

Duration of Segment: 2:30

Detailed Description: rotten passwords are the #1 way bad guys steal your information and identity. It isn't even close. An FBI Special Agent gives us what is probably the best system for creating passwords that are impossible for anyone to guess but possible for anyone to remember.

Program Title: What The Tech

Date: 1/20/17

Time: 9p

Duration of Segment: 2:45

Detailed Description: Do you have a stack of business cards around that you've been meaning to add to your smartphone contacts someday? It could take hours to copy all of that information into your phone OR, you can use the app of the day. Cam Card does most of the work for you.

Program Title: What The Tech

Date: 1/23/17

Time: 9p

Duration of Segment: 2:55

Detailed Description: What's on your computer? Mmmmm I don't know. Could it be Satan? Yes, that's the name of a newly discovered program that's for sale. People who are buying it can create their own ransom ware program. That's the program that will kidnap your computer hard drive. What is Satan and how do you keep it from infecting your computer?

Program Title: What The Tech

Date: 1/24/17

Time: 9p

Duration of Segment: 2:15

Detailed Description: Facebook friends got you all stressed out over politics and a new administration? It may be worse now than it was before the election. Don't de-friend those friends, you don't even have to hide them. I've got a Facebook feature only power users know, where they only see the posts you want them to see.

Program Title: What The Tech

Date: 1/25/17

Time: 9p

Duration of Segment: 2:20

Detailed Description: Someone is watching everything you search for. Google's search engine shares your searches with advertisers. Creepy right? A search website you've never heard of is gaining on Google's popularity because your searches are private and secure. What is this browser and how does it compare to Google? And why the strange name? Duckduckgo

Program Title: What The Tech

Date: 1/26/17

Time: 9p

Duration of Segment: 2:35

Detailed Description: One of America's greatest toys. Play Dough has been around forever and it's a popular with children today as it was 40 years ago. But now new technology brings those Play Dough creations to life. This is one of the coolest things I saw at CES this year.

Program Title: What The Tech

Date: 1/27/17

Time: 9p

Duration of Segment: 2:30

Detailed Description: The App of the Day: Socratic. Is it a homework cheat or homework help? Students all over the country are using this app to do the work just by pointing their smartphone camera at a homework question.

Program Title: What The Tech

Date: 1/30/17

Time: 9p

Duration of Segment: 2:50

Detailed Description: Scam Alert. You may have heard about the scam going around now where the bad guys get you on the phone for a sales pitch or something else, and they ask "can you hear me okay?" When you say "yes", the scammers use your recorded "yes" to make a large purchase. This scam was all over the place last week, but is it real? Jamey looked into the validity of the scam and explains what you should do if you get a call like this.

Program Title: What The Tech

Date: 1/31/17

Time: 9p

Duration of Segment: 2:55

Detailed Description: Don't get Face-Jacked! That's the term for when someone gets access to your Facebook account without your permission. Think: suspicious spouses or curious co-workers. Facebook just made possible for us to use security keys to keep our accounts secure. Jamey shows us how these security keys work and why you need one.

Program Title: What The Tech

Date: 2/1/17

Time: 9p

Duration of Segment: 2:20

Detailed Description: Women can spend hours of frustration trying on/buying/hating makeup. It's a problem trying on new shades of color in a store because they can't accurately see how a lipstick or eyeshadow looks until they put it on. Now, using Pokemon Go-type technology, a new mirror is coming to stores to help women find the right makeup.

Program Title: What The Tech

Date: 2/2/17

Time: 9p

Duration of Segment: 2:30

Detailed Description: Tonight, a solution to the #1 problem we all have: our phones losing their power before the day is over. A company thinks it has a solution to the power problem. New technology that can change the world by charging your phone while you walk around anywhere. Yep, charge your phone wirelessly in airports, offices and homes. Sending juice through the air! Wow! It's coming soon.

Program Title: What The Tech

Date: 2/3/17

Time: 9p

Duration of Segment: 2:25

Detailed Description: The App of the Day: Manything. Most everyone would like a security camera system to protect their home but those can cost a lot of money. This free app does everything most of those expensive gadgets can do.

Program Title: What The Tech

Date: 2/6/17

Time: 9p

Duration of Segment: 2:30

Detailed Description: This new technology may blow your mind. It allows someone to control a video game or another gadget just by paying attention to it. Operate a computer with your brain!

Program Title: What The Tech

Date: 2/7/17

Time: 9p

Duration of Segment: 2:30

Detailed Description: Cracking the secret code of teenagers. They're using emojis instead of words in text messages and on social media. What does a gas pump emoji stand for? An electric plug? A peach? I couldn't find a teenager willing to go on camera to tell us what they mean, but I'll tell you about some of the emoji that kids are using and what parents can look for if they keep an eye on their text messages.

Program Title: What The Tech

Date: 2/8/17

Time: 9p

Duration of Segment: 2:10

Detailed Description: A dating app may be putting your information online for anyone and their brother to see. The app, Stud or Dud is for people who would like to know more about the person they're going out with. It'll show whether they're single, where they live, age, criminal history and other information you'd rather someone not get. Helpful for dating, but even if you're not on the dating scene your information is listed here too. What is this app and what can you do to prevent it from sharing your information.

Program Title: What The Tech

Date: 2/9/17

Time: 9p

Duration of Segment: 2:20

Detailed Description: Your filthy phone is filthier than you may realize. Studies have shown a typical smartphone carries 10x more bacteria and germs than a public toilet seat. What can you do about it? I'll show you a few things you should never do to wipe down your smartphone and a new product even Apple suggests to clean and sanitize your device.

Program Title: What The Tech

Date: 2/10/17

Time: 9p

Duration of Segment: 2:30

Detailed Description: The app of the day is a brand new dating app called Hater. Unlike all the others, Hater hooks people up based on things they hate in common. Yes, hate, that wasn't a typo.

Program Title: What The Tech

Date: 2/13/17

Time: 9p

Duration of Segment: 2:55

Detailed Description: What can you do if you are caught on a Facebook Live video and you don't want to be included? Depending on where you are there's nothing you can do about it. But privacy fears go much further with new technology that Facebook has in place right now. Your private information may be going out all over the world, without your knowledge or consent.

Program Title: What The Tech

Date: 2/14/17

Time: 9p

Duration of Segment: 2:35

Detailed Description: Is virtual reality the next big thing or the next big bust? I'm looking at the advanced VR gadgets that anyone can buy today as well as how virtual reality may change reality of huge and expensive roller coasters.

Program Title: What The Tech

Date: 2/15/17

Time: 9p

Duration of Segment: 2:20

Detailed Description: Today we focus on a weird little website that has never before seen videos. Literally, no one has ever seen these videos because they all have zero views on YouTube. The makers say it's a random look at humanity.

Program Title: What The Tech

Date: 2/16/17

Time: 9p

Duration of Segment: 2:25

Detailed Description: You're at a concert or sporting event and some total stranger taps you on the shoulder and says "hey, I knew you were going to be here" and he knows your name, where you live and more about you. What would you say if I told you Facebook is rolling out a feature that would allow someone to do just that?

Program Title: What The Tech

Date: 2/17/17

Time: 9p

Duration of Segment: 2:30

Detailed Description: If you're frustrated with trying to monitor how much time your kid is playing games and watching videos on their phones, this app is for you. And it's free. Oh, and it works!

Program Title: What The Tech

Date: 2/20/17

Time: 9p

Duration of Segment: 2:10

Detailed Description: Today we focus on steps to take before trading in or selling an old smartphone. Tomorrow's story will be part two of this subject.

Program Title: What The Tech

Date: 2/21/17

Time: 9p

Duration of Segment: 2:30

Detailed Description: Today is part 2 of steps to take before trading in or selling an old smartphone.

Program Title: What The Tech

Date: 2/22/17

Time: 9p

Duration of Segment: 2:30

Detailed Description: It's the app of choice of terrorists that you can download right now. The social media app Telegram and how the bad guys are using it to plan and announce terror attacks and why we can't do anything about it.

Program Title: What The Tech

Date: 2/23/17

Time: 9p

Duration of Segment: 2:05

Detailed Description: Need company the next time you watch tv? A website thinks you might. This is a website where people watch people watch tv. Weird, but it's very popular.

Program Title: What The Tech

Date: 2/24/17

Time: 9p

Duration of Segment: 2:30

Detailed Description: App of the Day: I've had the flu all week and this app might have kept me from getting sick. Might is the big word here, probably not, but it's a cool app. It claims it'll help keep you from going to areas where other people are sick.

Program Title: What The Tech

Date: 2/27/17

Time: 9p

Duration of Segment: 2:20

Detailed Description: The Dark Web. It's an underworld that makes up the biggest part of the internet. What's there, who's on it and what parents need to know.

Program Title: What The Tech

Date: 2/28/17

Time: 9p

Duration of Segment: 2:25

Detailed Description: Great news for wireless customers, the big 4 companies are fighting for your business. For the first time in years unlimited data plans are available, but which one is the best? I'm rounding up the new plans to compare them all to see what you have to choose from. Which company has the best price and which has the best deal?

Program Title: What The Tech

Date: 3/1/17

Time: 9p

Duration of Segment: 2:30

Detailed Description: This is a great time to shop around for a new phone plan. The 4 big guys are now offering unlimited packages, but they're not the same. I'll compare family plans to help you decide.

Program Title: What The Tech

Date: 3/2/17

Time: 9p

Duration of Segment: 2:15

Detailed Description: Scammers and the IRS. It's that time of year again. Scammers will take money you think the IRS is taking. How their messages look in your email inbox and what to watch out for.

Program Title: What The Tech

Date: 3/2/17

Time: 9p

Duration of Segment: 2:30

Detailed Description: The App of the Day is an app for people of faith. Lent began this week and I want to look at one of the most downloaded apps of all time. The YouVersion Bible, downloaded more than 250,000 times. Even people who use the app on Sundays are missing some features.

Program Title: What The Tech

Date: 3/6/17

Time: 9p

Duration of Segment: 2:30

Detailed Description: iPhone Secret Secrets! Only power users know about these iPhone features.

Program Title: What The Tech

Date: 3/7/17

Time: 9p

Duration of Segment: 2:45

Detailed Description: Facebook is rolling out the new "disputed/fake news" story tags this week. I'll show you what it is, how it works and why it needs you to make it work.

Program Title: What The Tech

Date: 3/8/17

Time: 9p

Duration of Segment: 2:30

Detailed Description: Can Facebook control how you feel? It's been a year since Facebook released "reactions", those angry, sad, haha, wow and love reactions you can use instead of liking a post. How Facebook can use those to change your mood and how it's done it before.

Program Title: What The Tech

Date: 3/9/17

Time: 9p

Duration of Segment: 2:55

Detailed Description: Netflix hit a milestone this week when it was announced that more than half of all households now subscribe. Netflix is now more popular than the DVR. Now, Netflix is taking requests. If you've ever searched for a movie only to find it isn't offered, you can ask Netflix to add it.

Program Title: What The Tech

Date: 1/29/17

Time: 9P

Duration of Segment: 1:00

Detailed Description: For a group of students in Wichita Falls, this Texas legislative session means a lot. Because one bill impacts their generation directly. Samaria Terry shows us why the Youth Tobacco Prevention and Control Coalition is pushing for Texas to raise the smoking age from 18 to 21.

Sports - topics covered under this issue include:
